

3/1/2020 Project Meeting Minutes

Where we are:

- Homepage is done
- Database is almost done
- Project is online

To Do This Week:

- Marissa, Namita, James and Amaica will meet and complete the following:
 - Add Page
 - Search Page
- Devin and Omar
 - Get database up and running

Search Item:

- Call search function
- Pull from database (Database will be up and running asap)
- Make block for item found
- Starting right now with no images, possible add it later if possible
- Let Devin know about search tags so he can test & clean for search function

Found Page:

- Have a placeholder

Note: Reassess meeting times. Maybe we can find something more convenient than Sundays
